

UnitedHealthcare and Mount Sinai Health System Renew Relationship

UnitedHealthcare and Mount Sinai Health System have agreed to a new multi-year contract that restores network access to the health system's hospitals for people enrolled in employer-sponsored and individual plans, including the Oxford Health Plan, effective immediately.

The agreement also ensures continued, uninterrupted access to Mount Sinai's physicians.

We will mail letters to our members who previously received communications regarding our negotiation to inform them that Mount Sinai's hospitals are once again in-network and that Mount Sinai's physicians will continue to participate in our network.

We thank our members and customers for their support and patience throughout this process and are honored to continue supporting all of the people throughout New York who depend on us for access to quality and affordable health care.

Please do not hesitate to contact your UnitedHealthcare representative if you have any questions.
